NEW TREES FOR MAIN STREET

Ephraim City will be purchasing new trees that will line Main Street between 100 North and 100 South.

The current trees were planted too shallow and the root systems have caused extensive sidewalk damage.

These trees will be pulled out to make room for beautiful Flowering Pear trees.

The new trees will be planted between buried retaining walls with a watering drip system designed to drive the roots deep into the ground to prevent damage to the new sidewalks.

Ephraim Primary Election Cancelled!

Greg Boothe has withdrawn from the election. 4 Councilmember candidates remain, which is the number allowed on the General Election ballot. This eliminates the need for a Primary Election.

Ephraim Public Library Needs Your Help!

The Library Board, along with its Director and staff, is requesting your valued input in our endeavors to pursue our goal of providing excellent educational, informational, and recreational services to this fine city of Ephraim. We want to ensure that the library is serving you, the citizens, in the best possible manner. Below is a list of six areas we can devote our resources to over the next five years. Because of our small size and limited staff, we need to narrow this list down to **two** key areas.

We are asking you to select the two areas you think would best serve our community. Mark those selections and return this survey to the library or with your payment of the city utility bill. We are very appreciative of your time and thoughtful consideration.

Your public library can be more than a dusty old storage unit for books. It can be a springboard for an endless source of knowledge and encouragement and dream building!

Possible Library Service Responses:

- BE AN INFORMED CITIZEN: LOCAL, NATIONAL AND WORLD AFFAIRS. Residents will have the information they need to support and promote democracy, to fulfill their civic responsibilities at the local, state and national levels and to fully participate in community decision-making.
- CONNECT TO THE ONLINE WORLD: PUBLIC INTERNET ACCESS. Residents will have high-speed access to the digital world with no unnecessary restrictions or fees to ensure that everyone can take advantage of the ever-growing resources and services available through the internet
- CREATE YOUNG READERS: EMERGENT LITERACY. Preschool children will have programs and services designed to ensure that they will enter school ready to learn to read, write and listen.
- KNOW YOUR COMMUNITY: COMMUNITY RESOURCES AND SERVICES. Residents will have a central source for information about the wide variety of programs, services and activities provided by community agencies and organizations.
- SATISFY CURIOSITY: LIFELONG LEARNING. Residents will have the resources they need to explore topics of personal interest and continue to learn throughout their lives.
- SUCCEED IN SCHOOL: HOMEWORK HELP. Students will have the resources they need to succeed in school.
- WRITE IN YOUR OWN SUGGESTION:

Thank you for your help
